POSS ANGUS

LEADING EDGE GENETICS

Annual Bull Sale February 5, 2021

1:00 PM | AT THE RANCH | SCOTIA, NEBRASKA

Welcome!

Dear Friends and Cattle Producers —

With a year like 2020, God's protection through months of uncertain times gave us plenty of opportunities to grow in our faith, our family, and our business. As a family, we were blessed with the one thing we never seem to have enough of, TIME! We quickly learned that while much of life was out of our control, the most important things were still in our control, and we held on tight to those! We immediately felt the value and peacefulness that living on a ranch affords to families in such restrictive times. While life on the ranch continued-on, uncertainty grew and life outside of our day to day operating definitely had adjustments that were hard on everyone. While making the best out of quarantined times, we have prayed for the friends and families who have experienced unimaginable losses, and often-times without the people they need most. 2020 is finally in the past, and as we have always said, it is this industry of people that is always finding a way to make tough times better and good times great! 2021 we are ready!

On February 5th, we will host our annual Poss Angus Bull Sale at our ranch outside of Scotia, NE. We look forward to visiting with our loyal customers who have become our great friends. It is also an honor for us to meet the new people who have come to check out what we have to offer. We would humbly ask that you introduce yourself to us so that we can better get to know you and your program.

Every bull in this offering has been DNA tested using AngusGS. All bulls meeting the age requirement will be ultrasound tested before the sale with that information and updated EPD's related to that information available sale day. As we have done in years past, the yearling bulls will be semen tested in March and then delivered after that. The fall and two-year old bulls will have completed and passed a breeding soundness evaluation, and that certificate will accompany them on sale day.

Our team at Poss Angus has worked diligently to bring our best offering to this sale. These bulls have been developed with the commercial cattlemen in mind to ensure that they can handle the harshest environments. As always, we back them with a great guarantee through the first breeding season. If a problem arises, please give Danny a call right away. Your complete satisfaction with your purchase is a top priority for us, and we stand by that.

On Thursday night before the sale, join us for a meal, and take in a presentation from Paul Dykstra of Certified Angus Beef, on Adding Value to Angus Sired Feeder Cattle. You won't want to miss this evening!

Our family is grateful for the opportunity to host yet another sale at the ranch, but we are even more thankful for the relationships we have gained through the friends and customers that have trusted us along the way. Please feel free to call any of us and we would love to visit with you about your operation and how Poss Angus bulls can be a source of powerful growth, carcass and maternal genetics for your cow herd. We look forward to seeing you Friday, February 5th at the ranch!

Semen Interest Poss Angus will sell 100% semen revenue and possession on all bulls selling. In herd semen use will be retained at sellers expense and buyers convenience.

Volume Discounts Offered starting at 3 bulls (3%) and increasing 1% for each additional bull up to 10 bulls. Maximum discount of 10% offered.

Guarantee Unconditional first breeding season guarantee against death or injury to all bulls. Breeding season is defined as the 90-day period following the first turnout of the bulls. Replacements are available, or if the buyer prefers, credit will be given in the following year's sale. Please notify us as soon as possible after injury and prior to the sale of the injured bull. All claims must be made by October 1st.

Terms Poss Angus assumes no liability in case of an accident. All cattle will sell under the terms and conditions recommended by the American Angus Association.

Semen Evaluation Falls and coming two year olds have been semen evaluated and yearlings will have a breeding soundness evaluation done in early March by a qualified veterinarian. Bulls will be accompanied with proper certificates on delivery day.

Trucking Offering free nationwide delivery on all bulls to central locations in the United States and to Canadian points of entry. Bulls will be wintered free of charge until mid-March.

Herd Health Bulls have been vaccinated for P13, BVD, BRSV, Haemophilus, Vibrio, Lepto and 7-Way. Bulls have also been wormed for internal and external parasites.

Insurance Jared Mohnen of Dakota Ag Insurance will be providing mortality and infertility insurance. Reach him at 605-999-4475 with any questions.

PRODUCER MEETING WITH PAUL DYKSTRA

THURSDAY, FEBRUARY 4, 2021 @ 6:00 PM

As the assistant director of supply management and analysis, Paul Dykstra works with cattlemen to help garner a growing supply of the Certified Angus Beef® brand. He shares information and builds relationships with cattle feeders, commercial cow-calf producers and registered breeders, pointing to ways to profitably manage and market high-quality cattle. Before coming to the brand, Paul was the feedlot manager for the U.S. Meat Animal Research Center. During his 20-year tenure he has audited ranches and feedyards pursuing the brand's Natural product extension. He's the brand's resident expert on beef market and grading trends, which he reports in the bi-weekly CAB Insider. Paul and his family live in Chappell, Nebraska, where he manages his own cow herd.

Absentee Bidding Options

Several options are available for your convenience to bid remotely. Please contact us if you have any questions or need any help and we welcome you to the ranch to look at the bulls ahead of sale day. Setting up your absentee bidding option a few days before the sale is recommended.

DVAuction
Broadcasting Real-Time Auctions

1.

PLACE YOUR ORDER

Place an order any time ahead of sale day by calling Danny 308-571-0417, Nolan 308-571-0559, or Nathan 308-571-0506. One of our sale representatives will be able to assist you during the sale.

2.

WATCH AND BID ONLINE AT SUPERIOR LIVESTOCK

VIEWING. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com, but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction.

CLICK-TO-BID. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required - this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

For assistance, call Superior Productions at 800-431-4452.

3.

WATCH AND BID ONLINE AT DVAUCTION

VIEWING. To watch and bid online, simply complete the following steps, Go to www.dvauction.com and create a new account. DVAuction will contact you once you have been approved to bid. They will not provide a buyer number until you have purchased a lot in the sale and that number is only usable for our sale. High speed internet access is required to be able to bid successfully during the sale.

PROXY BIDDING. Follow the instructions above and as the sale date nears, there will be a Proxy Bidding button underneath the sale name on the DVAuction website. You can then place your maximum bid and the system will represent your bid just as if you were there.

For assistance, call DV Auction at 402-316-5460.

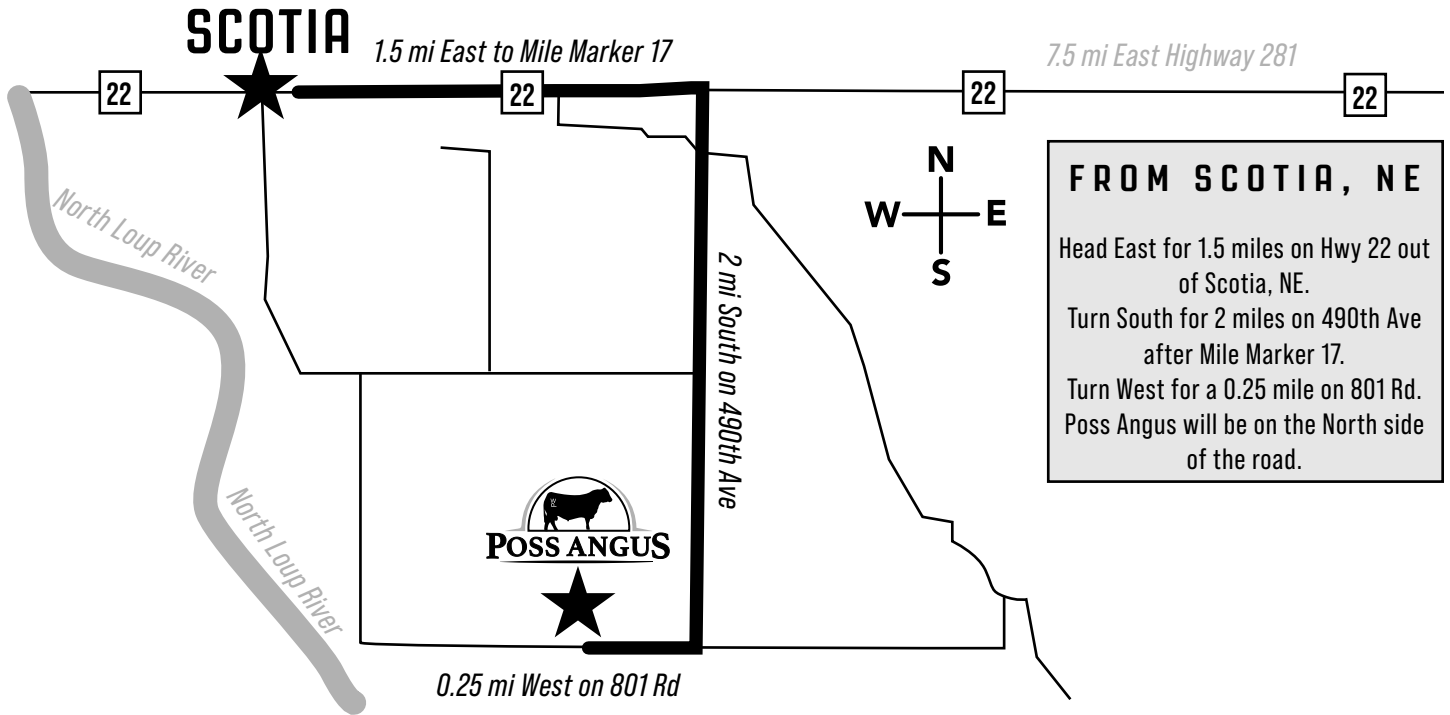

4.

PHONE BIDDING

POSS ANGUS. Phone bids will be handled in a confidential manner. If you are unable to attend the sale, please contact Danny 308-571-0417, Nolan 308-571-0559, or Nathan 308-571-0506.

SUPERIOR LIVESTOCK. You can phone bid through Superior Livestock. To get started, simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

“*The Maverick offspring have a great look and are backed by his breed leading performance and carcass data.*”

- Belvin Angus

Maverick sold in our 2018 sale as the high selling bull to Belvin Angus and Semex. The Maverick progeny have surpassed our expectations in terms of elite phenotype and carrying on his incredible EPD profile. Maverick's elite combination of \$B, Marb, and phenotype make him a must use sire. Maverick places amongst the elite rankings of the Angus breed for Marb, \$B and \$C.

Maverick has continued to create a stir throughout the entire Angus breed with every calf crop selling in each sale. Some of the most astute cattlemen in the country have utilized Maverick for his consistency, as well as ability to combine depth of body, natural thickness, ideal growth, and abundance of marbling. His progeny continue to be sound and fluid in their movements which is becoming more needed. His first daughters will have calved by sale day which we could not be more excited to see, as we expect them to have great mothering abilities with excellent udders.

His dam was the lot 1 female in our most recent female sale, where she was the high selling individual to the new up and coming Point Pleasant Angus of Virginia. Her daughters continue to find themselves at the top of our herd and look to carry the same qualities of fleshing ability, sound structure, and performance. Her progeny are highlighted in this sale yet again.

We are excited to present yet another outstanding set of Maverick sons for your appraisal in 2021.

Dam of Lot 1 – Poss Ellunamere 399

a high selling lot added to the donor battery of Reverse Rocking R Ranch in Maxwell, NM. Look for future progeny to highlight in both herds over the coming years.

We believe Deadwood to have as much potential to impact the breed as any bull ever bred through our program. He will be an integral part of our breeding program, and has already sought service through our fall herd. Semen orders have been heavily accumulating since last summer, and will go along with the sale of the bull.

SELLING 100% SEMEN INTEREST AND POSSESSION.

Poss Deadwood has been a standout since day one and on the radar of the Angus world, representing yet another incredible calf crop by the great Maverick. As unique as his name, Deadwood combines together so many traits that we are striving to produce each and every day. He presents himself with true herd bull authority in his long bodied, thick, stout, long and square hipped stature that is combined with unspeakable eye appeal.

Deadwood has caught attention worldwide with the elite genetic tabulation he presents. No bull in the breed can compete with his combination of calving ease, growth, carcass merit, as well as designed foot quality. A big hoofed bull with symmetrically correct hoof shape, as well has a strong deep heel designed for covering large areas of range land.

His dam is one of his greatest attributes, giving him the structural soundness and added eye appeal, that the breed is in such demand for. Highlighted as the Lot 2 female in our recent female sale, where she was

Lot 2 Poss Maverick 9733

Calving Ease Stars

Our bulls have been sorted into four groups of calving ease stars.

- ★★★★ Heifer bull with excellent calving ease
- ★★★★ Heifers and cows
- ★★ Best suited for young and mature cows
- ★ Best suited for mature cows

9733 is another unique Maverick son that will add a touch more frame than most, but also will not lack overall depth of body and shape of rib. This smooth made bull is very attractive in his make, and also stands on a perfect set of feet. One of the high marbling bulls in the sale that will sire a set of feeder cattle that will top the market. His dam is a big bodied, perfect uddered Safeguard daughter.

“Maverick is a high performance sire combining outstanding carcass traits with excellent eye appeal.”

What a way to lead off the yearling Maverick sons! 0608 is a flush brother to the second high selling and crowd favorite from last year's sale, Poss Wrangler. 0608 is a more moderate version of Wrangler, but resembles him in so many ways in terms of overall capacity, muscle expression and eye appeal. A bull that is so fluid in his movement, and designed to cover some serious ground in the breeding pastures. A perfect footed bull that has excellent foot shape, symmetrical toe size and great depth of heel.

Flush Brother of Lot 3 – Poss Wrangler

His flush sister was the high selling open heifer in our recent female sale, where she commanded a price of \$19,000 to the new up and coming Point Pleasant Angus of VA. His dam needs no introduction whatsoever, as she is starting to become one of our most pivotal donors in our program due to her consistency in producing performance based cattle with maternal functionality. 13 maternal siblings highlight the sale.

Lot 4 Poss Maverick 0634

An elite set of flush brothers sired by Maverick, out of the consistent, high performing Poss Rita 528. These flush brothers are consistent in their type, led by their attractive profile, performance based combination. This set of bulls are soft in their make, deep ribbed, square hipped, and clean made. Their maternal brother is the second high selling bull in the record 2018 sale, Poss Citadel, where he sold to Mead Farms, Kramer Angus, Dameron Angus and Beef 360. The dam is a consistent producer backed by excellent fertility, and carcass merit. Several daughters have been retained in our herd, and maternal brothers sell in lots 28, 50 and 83-91.

A big time herd bull candidate that has been a pasture favorite by the crew since birth! 074 is a calving ease option, that also has serious growth potential. This bull is an example of the buzz that Maverick continues to create, because of his eye appeal, heart girth, base width and natural thickness. Bulls like this are designed to be able to go anywhere in the world, and sire cattle that will flat out get it done. His dam deserves credit as well for her eye appeal, square udder, flawless feet and beautiful front end. She has continued to be one of our favorite Element daughters that has a striking presence in our herd.

This son of Maverick is another consistent outcome that shows the genetic merit of his sire that is evident in each and every son in this offering. A bull with a little more moderate growth that will also prove to be excellent at feed conversion. His dam is a moderate made Sensational daughter with a tight square udder.

Another young bull in the offering, but don't let that hinder how complete and powerful 0240 is. Massive in his design and elite in his makeup, this bull is built to sire cattle that can do it in every area of the business. His dam is a maternal sister to Total Impact, sired by the popular Earnan. This bull is built and ready to not only leave an impressive set of females behind, but also sire feeder cattle that will have the ability to thrive in the market.

Welcome from **CK6 Consulting**

What a challenging and exciting year it has been. This fall brought the first Female Production Sale here at Poss Angus and what a sale it was with the females selling for an average of \$6277 and selling across the country. It was a great day. That day was a continuation of the brand that has been built here in Scotia NE from the many past bull sales. I often tell people "it's not what your prefix does for you its what it does for other programs". The "Poss" prefix as I travel is working and moving to the front of many genetic selections and programs. For instance, Poss Maverick will have a fantastic spring not only in this event but multiple others for his ability to add marbled muscle in a desired phenotype. To keep pace with the demands of the marketplace, it has never taken more work ethic. As I get calls and talk to market everyday that is what people desire. They want to buy from hard working, good people that can see around the corner. America nor the Angus Seedstock stands still. Poss Angus does an excellent job of developing a product that will position the commercial cattleman and purebred seedstock supplier with the genetics that will allow them to compete for what's coming around the corner.

The offering is highlighted with a front end that is deeper in purebred herd bull options than ever before. The consistency across the pens is the best I have seen in my years working with this program. As a commercial program nothing should give you more confidence than the acceptance and desire of the Poss female as displayed in their fall sale. You are in the right place!

A personal note, anytime I can apply our service and help in the maturation process of youth it is a true blessing. The Poss kids bring great joy in a world that struggles to find it. I appreciate their up bringing especially the devotion to their parents, faith and program. It inspires. If Wes and I can be of assistance, please feel free to contact us. See you the 5th of February.

Chris Earl 630-675-6559 – Wes Tiemann 816-244-4462

God Bless, Chris Earl

Poss Confidence Plus 0603 starts off a new and exciting sire group with unprecedented potential in influencing the legacy of the Angus breed's dominant maternal strength. Designed as a sure fire heifer bull, but also a bull that will create immediate vigor and performance. His sire is one of the most dominating maternal influences within the Angus breed within recent years, resulting in his rare and valuable semen. The dam needs no introduction at all as a model Angus cow, who is a herd favorite by every visitor to the ranch. His maternal brother, Poss Rawhide, was a recent sale favorite when he topped the sale to become the all time high selling individual. Don't miss this one here as this is, without question, a herdbull that deserves the credibility of being used throughout the Angus breed.

Confidence Plus has become one of the most in demand bulls for semen within recent years, because of the eye appeal and maternal characteristics he puts in place. His daughters have been some of the most marketable females throughout the years, which has made his semen so rare yet valuable. He is backed by what could arguably have been one of the best cows that the Angus breed has seen, as she has also produced other sons that have been placed into multiple AI studs.

Lot 20 brings yet another exciting, outcross mating, combining what we feel could have utmost potential. Bringing together the great Confidence Plus with the mother of the great Maverick, proves here the maternal capabilities within this individual. 0643 comes to the table with a moderate stature, tremendous softness, and desirable eye appeal. He stands on a solid foot structure, backed by the same qualities that make the Angus breed so great. Genetically he ranks in top 25% for 14 traits, as well as in the top 1% for \$M, as well as top 2% for Angle. His mother is yet again the popular mother of Maverick, who was also the featured Lot 1 female in our recent Female Sale. Her influence is greatly highlighted in this sale, backed by the lead off sire group of Maverick, and 9 maternal siblings.

Lot 21 Poss Confidence Plus 0541

Another incredible set of flush brother sired by Confidence Plus out of the power and performance Elmaretta 648 donor cow. The group is led by 0541, who presents himself with herd bull authority, as well as breed character; because of his masculine design and eye appeal. He is a performance power house that crushed the scales at weaning. He is one of the top heifer bull prospects in this offering, and is backed by the consistency of his flush mates. These same bulls are redefining the combination of power and maternal characteristics. Their dam is one of the crew's favorite cows, and is one of our most consistent and fertile females to ever grace our pastures. She comes to us with a phenomenal track record, that is truthfully just getting started. Several daughters are beginning to seek entrance into our cowherd, and will become a viable option for future donor options. Make no mistake here! Their 13 maternal siblings are highlighted in this same offering.

No Doubt has become one of the top performance power bulls in the Angus breed and for good reason. His consistency to sire progeny that are thick, stout, long and deep is what the breed strives to produce. His daughters look to be great cows with excellent udder quality, and the ability to carry on that same performance. No Doubt has been used heavily in our ET program, and these progeny are the direct representation of those matings.

Lot 25 Poss No Doubt 0510

Lot 26 Poss No Doubt 0513

An outstanding trio of flush brothers headlined by Lot 25, in what we consider to be one of the most intriguing No Doubt sons to sell to date. He stands on perfect feet, wide based, long bodied, and softness that can often be hard to find in a No Doubt son. 0510 is one of the most visually stunning bulls ever produced on the ranch. These high performing brothers carry the same attractive phenotype that was so widely accepted in their mother, and also exhibit the sound structure and ability to get out on the move and cover their tracks. Lot 26 is the larger framed bull of the three, but is also the highest performing bull full of red meat. Lot 27 comes in as the thickest and stoutest of the brothers, and also in the most moderate package. Look for all three to sire females that are sure to find the replacement pen in any herd. The dam is a phenotypic gem, and the cover photo female on the recent female sale catalog where she was highlighted as Lot 5. She is now working for the coveted Powerline Genetics program, where she will leave her mark.

Lot 29 is one of the most intriguing bulls in the 2021 offering, bringing together a pedigree that is built for phenotypical performance. Combining No Doubt with the powerhouse donor of Elmaretta 648, results in a mating that redefines bone, mass, and overall dimension. Backed by an EPD package that ranks him in the elite status of the breed in nearly every category, gives 0111 the upper edge in being a sale highlight amongst the power bull division. Several maternal siblings are highlighted in this sale, and several siblings will be an integral part of our operation for years to come.

4 FLUSH BROTHERS

A highlight of the 2021 Poss Angus sale brings a real powerhouse set of flush brothers bringing in extra size and scope with massive volume, dimension and scale crushing performance. They will sire the kind of feeder cattle that grow, gain and top the market. They are led by the exciting No Doubt 0638, that has been impressive as an individual since birth. He comes to us as the heaviest weaning weight bull of his flush group, and has not let up since. Their powerful dam is none other than the great Pride 5163, who was the sale topping female of our recent Female Sale where she sold to the new up and coming Point Pleasant Angus, VA. Their brother, Poss Maverick, has taken the industry by storm and created an unwavering amount of value in phenotypic performance and substantial carcass merit. These brothers exemplify those same great attributes. Maternal siblings continue to highlight the sale!

3 FLUSH BROTHERS

Another congress of flush brothers bringing added excitement to the 2021 sale with the winning combination of No Doubt x Blueblood 6502. This landmark flush brings together the desired eye appeal in 6502, and the incredible masculinity of No Doubt. This trio of brothers is anchored by Lot 36, who rings the bell with performance and carcass merit. Led as one of the high growth options, brings the desirable mating flexibility for even the harshest cattleman. The other two brothers bring the same great attributes standing on a perfect set of feet, with fleshing ability and three-dimensional shape and scope. Their mother is considered by many as one of the greatest maternal masterpieces in our herd's short history, where she stands as one of the top \$C leaders, and still to this day holds the #1 recorded 205 day weight amongst all females. Her son, Poss Rawhide, is our all time high selling bull that has become a new option in combining bullet proof looks and rock solid genetic merit. The influence of 6502 is heavily highlighted in this sale offering through lots 19, 48, 75, and 146.

An exciting mating combination crossing No Doubt x Compass. This larger framed bull is long bodied, big hooved, and constructed in a thick stout package. A bull that stands on a perfect set of feet, has been a standout his whole life. Combining a 99 BR with a 116 WR brings a desirable package for a curve bending package. One of the most balanced trait bulls that does everything right not only from a phenotypic standpoint, but also genetically. His dam is feminine, perfect uddered, and productive as a young cow with a bright future.

An instrumental flush stacking the powerful mating of No Doubt x Erica 705. This trio of flush brothers demonstrate added frame, bone, mass, and soundness. Look for these flush brothers to sire consistency and performance. Unrivaled consistency that has set a new tone from this demanding set. Their dam is an up and coming phenom that was a highlight of the fall female sale. She has now placed herself in South Carolina for Burnis Coleman. Look for her outstanding progeny to highlight future sales making a pivotal contribution.

Unheralded calving ease in a later blooming No Doubt son that has really begun to catch some eyes. Yet again brings the maternal impact of Compass, that will stand the test of time. Dam is one of our favorite Compass daughters that is square, feminine and powerful. A maternal sister was a crowd favorite in the bred heifer division of the recent female sale and is now working in the Claylick Run Farms, OH.

Blackout became the all time high selling bull in the Nick Jindra program when we partnered up with Koupal Angus and Alta Genetics to purchase this powerhouse bull. Sired by the highly sought after Acclaim, we felt that Blackout was the most logical choice in continuing those genetics in a more maternal moderate framed package. Blackout is one of the best footed bulls we have ever come across, and one that displays an unreal amount of muscle tone and thickness. These same traits are proven throughout this exciting sire group. The dam is an elite Shear Force daughter that portrays a brood cow look in a moderate framed package with a near perfect udder.

CUSTOMER TESTIMONIAL

We have used Poss Angus bulls since 2013 and their statement of "Leading Edge Genetics" is true. When you purchase a bull from them, you know that he comes from a powerful cow family and is sired by some of the best genetics in the Angus breed. Also, Danny will take the

time to talk to you about which bulls will help you accomplish your herd goals. The bulls stay sound and have longevity. We keep our steers as yearlings on a limited ration and they never stop growing. Above all else, they are good, honest people to do business with!

– Mark and Denise Wray

Another great flush from Elmaretta 648, that still brings her consistency of power, bone, and maternal characteristics. This trio of flush brothers are wide, deep, and sound. This has been an exciting and anticipating flush, that has been some of our favorites. The flush sisters to these bulls are some of the finest females in our replacement pen, that have really been on our radar since weaning. A maternal brother, Poss Wrangler, was the second high selling bull in last years sale to Alta Genetics and Abernathy Ranch; and seen immediate use last year. Their dam is redefining the spectrum of success in our donor pen, where she has consistently been our most high performing egg producer, and has continued to place a remarkable set of daughters in our herd. Look for maternal siblings to highlight future sales, as well as the ones already offered in this years sale.

Elite cow power in this long bodied, stout made Blackout son. This range ready bull is easy fleshing, and throws in extra marbling. His mother is one of our best time tested females, that has never missed an AI cycle in 10 breeding seasons. This Pathfinder female comes in with an impressive NR of 9/109 and a 362 day calving interval in 9 years. Lots of longevity and maternal power displayed in this guy!

Thick stout bull with outcross potential. A massively constructed bull that is deep bodied and easy fleshing. The bottom side highlights the maternal legacy of the great Queen Peggy cow family. A flush sister to the dam was a highlight of the 2019 NWSS Foundation Female Sale selling to Linz Heritage Angus, and the granddam is now a cornerstone donor for Dodds Cattle, NE.

Lot 66 is a muscular made bull that stands with herd bull authority because of his stout figure and masculine design. This high performing bull was one of the high indexing bulls in his contemporary group coming off of a first calf heifer. His dam is a flush sister to Poss ATM, who was a sale highlight in 2019 to Topp Angus, ND. The granddam is now working for RCA Angus, NE and is also a full sister to the mother of Deadwood. The genetic line on the maternal side of this pedigree is one of the most well represented matings in our herd.

Poss Reno 0659 leads off a trio of flush brothers who result from the new maternal mating of Reno x Elmaretta 648. He is a phenotypically and genetically outstanding AI stud prospect and one of the very best calving ease bulls to sell in this offering. Genetically he ranks as one of the top curve bending bulls that redefines the calving ease and growth combination. His scope, structural integrity, and herd bull masculinity present himself as a desirable option in today's marketplace. Their front pasture dam needs no introduction, as she has placed herself with authority for performance and maternal functionality. She is the magnificent dam of Wrangler, the second high selling bull in last years sale to Alta Genetics and Abernathy Ranch; Maverick 9515, the acquisition of Nathan Palm Angus; Elmaretta 0612, the \$19,000 addition to the Point Pleasant herd; and Elmaretta 0557, the recent addition to the Mead Farms herd of Missouri. Seven progeny have highlighted recent sales with 12 sons representing her genetic merit in this sale offering.

Four full brothers bred for the rancher in mind. Maternal capabilities that will leave a good set of daughters. This moderate set of brothers have function and eye appeal with efficiency in mind. Their herd building mother is best known as the mother of Maverick, with a long list of attributes to her name that is just getting going. She was the high selling female in the recent female sale to Point Pleasant Angus, VA. Her herd recognition will be noticed for years to come, as she has already placed 15 daughters back into our herd at this point. Her genetic contributions will be noticed throughout the Angus breed in the foreseeable future. Her progeny are greatly represented in this sale.

Two full brothers with a great future in front of them because of the females behind them. They are a prominent choice for siring heavy weighing feeder cattle and heavy milking daughters. Their recognizable dam is Blackbird 4058, who comes to us from the 4M Angus program. This same cow family is from the Angus great, Riverbend Blackbird 4301, that has taken herd bull creation to a whole new level. 4058 is the mother of the \$27,000 Payweight 8514 to ST Genetics in 2019, and has created a congress of sisters that will leave a lasting legacy in our herd. A flush brother to their dam is the great 4M Element 405, that went on to be one of the hot bulls in the breed for a period of time.

A fantastic duo of flush brothers that bring calving ease, growth potential, and end product merit into a combined package of excellence. They are mated with anticipation to leave cattle designed for the grassroots cattlemen. Their phenomenal dam is one of the greatest to ever leave our program, where she was the high selling donor in 2018 to Jason Jagels, NE. She is a female that leaves a maternal excelling legacy. Her genetic line is once again well represented in this offering.

An unprecedented opportunity to inspect 9 flush brothers, that offer a landmark value of consistency in type and kind. The uniformity of heralded power, function, and soundness; is what commercial cattlemen alike strive for. These herd building brothers offer a unique outcross to most genetic lines. With the backing of the stout resident herd sire Long Range and the maternal functionality in Rita 528; brings us a package of genetic merit designed to thrive in the beef business. This team of full brothers is led by the outstanding Long Range 0684, who promotes himself with herd bull authority and presence, making him a likeable option to all who evaluate him. Their powerhouse dam is a product of the donor pen by Uptown, the carcass and performance trait leader. Her outstanding production success has gifted this cowherd with a multitude of daughters to carry the torch.

Long Range was purchased with Alta Genetics from the elite Connealy Angus program. Sired by the rare, and phenotypic powerhouse Hoover No Doubt, Long Range continues to sire the same traits as his sire in a more moderate framed package with an edge on calving ease. A bull that has impressed us with his

outcross pedigree and performance. The dam of Long Range is one of the most consistent producing cows in the Connealy herd, having raised Long Range and Big Valley, back to back lead off bulls in their spring sales. His impressive progeny highlight this sale.

A superb option for displaying calving and growth. This curve bending prospect will catch your eye not only in the pen, but on paper. His strong numerical values and cow family strength promote longevity, and performance. These time tested values are the factors detrimental to success in the commercial sector. His 8 year old dam is a long, elegant fronted cow that has maintained status as a top female for longevity and fertility.

Long Range 0238 is a powerhouse brute of a bull that exemplifies the meaning of power and phenotype in a desirable package. As one of the youngest bulls in this offering, he has still managed to crush the scale at every given opportunity. A standout since day one that has flat out impressed. Lot 96 is designed to be a range ready bull that will thrive on limited input. His dam is the phenotypic superstar acquired from Krebs Ranch with Barstow Angus. A maternal brother was a sale highlight in last year's sale selling to Hollenbeck Ranch Partnership, NE. A maternal brother is offered as lot 180.

Powerhouse individual here that is one of the most impressive bulls phenotypically in the offering! A big spread bull that has calving ease and high end growth. It is difficult to achieve the amount of birth to weaning spread accomplished in 0109. This desirable bull is backed by a real world, common sense cow that comes from one of the most heavily influenced cow families represented every year.

Long Range 0263 is a strong topped bull with an abundance of muscle shape. He displays great eye appeal and style in a balanced package. This strong footed, robust hoofed bull comes from a unique Element daughter with a deep heel.

Remembering Gary Bader 1942-2020

On October 17th of 2020, Nebraska lost a wonderful cattleman, Gary Bader. Gary and his family have given us a great opportunity to deliver bulls to their operation for several years. Danny always enjoyed visiting with Gary and appreciated his no nonsense, tell it like it is demeanor. Gary always had a story to tell about his recent happenings and was proud of his kids and grandkids. Although Gary will be greatly missed, he has left their operation in the hands of hard-working, knowledgeable cattlemen! Thank you, Gary Bader and Sons, it is a privilege to do business with all of you!

Compass has continued to prove that he is the female maker in our herd. The progeny of Compass continue to excel in every aspect. The bulls are typically some of the thickest, stoutest made cattle we produce every year. The daughters are some of our best in terms of udder quality and femininity. We have already placed multiple daughters in our donor pen with exceptional results.

ANGUS^{GS}

A grand opportunity to access the unlimited potential in one of the most maternally aligned pedigrees ever offered. These bulls are solid built and structurally superb; bred for performance, maternal function, muscle and power. This congress of brothers represent consistency for foot quality and internal dimension, to lead off the exciting group of Compass sons. Their one of a kind dam is the only full sister to the rare and valuable legend, Easy Impact. She presents herself with perfect phenotype, udder quality, and superior production ability. Her progeny are highlights of past sales. Her most notable flush sired by Resource is led by Poss Augusto at Alta Genetics, and Elmaretta 8615, the phenotypic standout in the recent Female Sale going to Hanson Cattle, KS.

Clean made, neat fronted bull in lot 116. This high marbling bull ranks high for carcass value's. His dam is an extended front end Safeguard daughter that produces stylish calves.

CUSTOMER TESTIMONIAL

Our experience with Poss Angus has been more than satisfactory. The bulls have some of the best dispositions and hold up as good as ever. We have bought bulls from Danny & Kristi since 2014 and over the years have been impressed with the quality and value. Their genetics have not only improved our cowherd, but have allowed us to sell some of the finest feeders.

One word we use to describe Poss Angus is TRUSTWORTHY.

- Mart and Dee Hollenbeck

Achievement was the high selling bull of the 2017 sale, and is owned by Sitz Angus and ABS. Achievement has become one of the highly sought after heifer bulls in the ABS lineup. The first son of Achievement to sell through the ring at Sitz's rang in a valuation of \$80,000, where he has become one of the high use bulls in the breed. The dam of Achievement is one of the very best females to ever leave the ranch, and was the high selling female in 2019 to Double R Bar Ranch. Her prominent foot structure, eye appeal, and depth of rib in a moderate framed package is evident in this sire group.

One of the elite calving ease prospects to sell in 2021! Curve bending figures backed by a maternal and carcass superior pedigree. Achievement 005 offers an outstanding genetic and visual package that represents the ideal calving ease bull. His herd bull resume includes his capability to tie together such a unique calving to yearling spread. His desirable carcass merit is everything the Angus breed is following towards. His dam is one of the top up and coming cows in our entire herd. She has already made entrance to our donor pen as a young female, where we view her as potential herd mover. Her outcross lineage, appealing phenotype, and breed leading data package is everything we strive for. Look for her progeny to highlight many of our future sales.

Here comes another big time spread bull, calving ease deluxe with breed enhancing growth! If you're looking to get calves that smash the scale at weaning and yearling out of first calf heifers look no further. Genetically this bull is as impressive as they come. This larger framed bull is long bodied with a big square hip. His dam is a promising young cow that weaned off her first calf with a 112 WR. Her flush brother was the \$27,000 high selling bull in 2019 to ST Genetics. Tracing back to the great Riverbend Blackbird 4301, the opportunities here are endless.

Achievement 017 is an incredible phenotypic standout with power, performance, and overall presence. He is stunning from every angle, in a moderate built stature. He is just as impressive on paper as he is in person. Backed by a solid pedigree built for performance, eye appeal, and thickness. Seeing is believing with this one. His feminine dam is a moderate 1682 daughter, and a flush sister to Poss Pay Master at Alta Genetics. The granddam was a past sale highlight in 2018 to Kilgore Farms, TN; and now working for Montana Ranch, MT. Her genetic contributions to this herd are greatly represented throughout this offering.

Fortune is a previous high selling bull in the Connealy program. He was used to tie in the widely popular Treasure genetics, as well as the longevity backed by his 12 year old dam. The cattle have a tremendous amount of growth with excellent carcass merit. These bulls will add a touch of frame but not sacrifice structural integrity. The daughters look to be functional cattle that will stand the test of time.

Lot 134 leads off a new and intriguing sire group, that is an outcross to most long time customers. 0112 rolls in the dice with outstanding performance. He is one of the top spread bulls in the offering, rightfully so for his larger frame. This long bodied calving ease bull will pack the growth in and still give excellent carcass value. His dam is a wedge shaped, moderate framed Element daughter. She is an own daughter of Blueblood 2135, who sold to Cline Angus. She comes from the elite Blueblood cow family, as the granddam is a maternal sister to the dam of Rawhide and Free Spirit. The maternal legacy of the Blueblood family is deep in representation throughout this offering.

This low birthweight bull is another larger framed specimen that garnered a high growth package with his WR of 110. This solid footed bull can get out on the move and cover some ground. His enticing genetic values, solid phenotype and impressive cow power make him an appealing option. His dam is a top producing Broken Bow daughter that has raised several top notch bulls in recent sales. Maternal brothers to 0120 are working for Dan Skibinski and GTI Inc. both of NE.

Amplify is a total outcross bull for most commercial cattlemen, that will add frame size in a big time birth to yearling spread. One of the breed leaders for the new \$C trait, Amplify is a breed leader for \$M and \$B. Amplify will also add carcass merit to his progeny, that will scan well. This outcross bull was one of the first sons to sell by Enhance. Enhance has been a breed leader for registrations the last two years.

An exciting opportunity to acquire a direct son from the dam of Rawhide. This sure shot heifer bull is larger framed, and clean fronted. He possesses an excellent set of feet with a balanced EPD profile. His mother is poised to be one of the most influential females to ever grace our pastures. Not only is she the mother of the all time high selling Rawhide, but her elite herd bull progeny are highlighted throughout this sale. A pregnancy sired by the rare Connealy Clarity sold in our female sale commanding a price of \$31,000. Her genetic contributions will be deep in representation for many years to come.

Teddy was purchased in 2017 from the Edgar Brothers program, when he became their record selling bull. The Teddy progeny have exceeded our expectations in terms of phenotype, growth, performance, eye appeal, and calving ease. Since the purchase of Teddy, he has proven to become a low birth weight, calving ease that is known for raising high performing cattle. The daughters on Teddy are his

Resource son. His dam is one of the most beautiful cows in Ted Watson's herd, that is known for raising high performing cattle. The daughters on Teddy are his best feature yet. His daughters weaned off some of the most impressive calves in their group of first calvers. The daughters will possess the same characteristics of their sire as well as a tight, square udder.

ANGUS

A powerful duo of flush brothers that bring big time growth, performance, phenotype and carcass to a whole new level. These masculine brothers are consistent for their type and kind. Physically these guys present themselves with big time herd bull authority and presence. Their dam is the dam of Poss Pay Master, the performance powerhouse of the 2019 sale to Alta Genetics. She sold in the 2018 sale to Kilgore Farms, TN and later sold to the prominent Montana Ranch, MT. Her daughters are continuing her maternal power, her genetic lineage is evident in this offering.

The consistency and maternal heritage of Colonel carries on with these flush brothers. These larger framed brothers are deep, soggy, powerful, and present a tremendous amount of power in the flesh. They are perfect footed with big time performance. These bulls redefine performance. Their dam is the flush sister to 4M Element 405 at Peak Dot, and the mother of Payweight 8514; who was the high selling bull in 2019 to ST Genetics. She is a herd leader for performance and functionality in an eye appealing package. Her granddam is Riverbend Blackbird 4301, who is the legend of creating herd bulls.

Tuff was purchased in the 2019 Mohnen Angus sale, as one of the high selling bulls that day. Tuff caught our eye as a balance trait bull, that was clean made and promoted a lot of muscle in his stature. His dam is one of his best features, as she has raised numerous herd bulls, including Mohnen General. The libido in Tuff is evident for breeding cows, and should pass onto his progeny.

Lot 165 is herd bull worthy with a tremendous amount of Angus breed character because of his style and eye appeal. He presents himself with authority in a powerful, long bodied, deep sided, soggy profile. His dam is one of the most noteworthy pieces to his resume. She has become a young part of our donor pen with unheralded potential. The granddam is Blueblood 410, the phenotypic powerhouse of the female sale that caught the eye of several astute cattlemen. She is now in service for the elite Powerline Genetics, NE. Look no further here, this guy is poised to leave a dirty good set of females behind.

Mainstay 0273 is one of the younger bulls in the offering, but does not lack muscle thickness and expression clear through his rump. The dam is a powerful female that always raises a big one. Her consistency and power is evident in her progeny. A maternal brother was the \$10,500 selection in the 2017 sale by Howard Schmidt. Siblings to lot 169 are also working for Bernard Kamphaus and Hollenbeck Ranch.

Alternative 0546 is an incredibly exciting herd bull prospect, that ties together two of the most prominent cow families in the Angus breed. Lot 171 is a smooth made bull with an eye appealing look. He is stout in his design, loaded with a massive amount of internal dimension. A calving ease bull that will not sacrifice performance. His dam is a moderate framed female with perfect feet. She is out of the great Y69 who is arguably one of the greatest cows to ever grace the breed. A flush sister to D176 is the dam of the popular E G Eyes On You. Maternal brothers sell as Lots 178-179.

Extremely thick made bull with tremendous width of body down through his base. This powerful Citadel son has big time weaning to yearling growth, and also has desirable carcass quality. His dam is a larger framed, powerful, yet feminine Waylon daughter. She is also a maternal sister to the dam of Rawhide.

PRODUCER MEETING WITH PAUL DYKSTRA

THURSDAY, FEBRUARY 4, 2021 @ 6:00 PM

As the assistant director of supply management and analysis, Paul Dykstra works with cattlemen to help garner a growing supply of the Certified Angus Beef® brand. He shares information and builds relationships with cattle feeders, commercial cow-calf producers and registered breeders, pointing to ways to profitably manage and market high-quality cattle. Before coming to the brand, Paul was the feedlot manager for the U.S. Meat Animal Research Center. During his 20-year tenure he has audited ranches and feedyards pursuing the brand's Natural product extension. He's the brand's resident expert on beef market and grading trends, which he reports in the bi-weekly CAB Insider. Paul and his family live in Chappell, Nebraska, where he manages his own cow herd.

Incredible opportunity leading off the two year old division, to acquire a maternal brother to Maverick. 9522 is an ultra high growth bull with big time performance. He is sired by the resident herd sire, Blackout. A flush brother was the #1 yearling weight bull of last year's sale, and went on to ST Genetics. Another flush brother was highlighted in the sale selling to Alta Genetics. 9522 was utilized this summer naturally on the ranch, and we look forward to seeing calves hit the ground this spring. His dam needs no introduction as she was the high selling female in November to Point Pleasant Angus. Look for her progeny and genetic contribution highlighted in this catalog.

An incredibly exciting opportunity to add a big time heifer bull candidate. This negative birthweight, double digit CED bull is sired by the big spread Amplify. He brings one of the most balanced data packages in the offering, and an opportunity to get in on a bull that has some age. This stout patterned, smooth made, and athletic bull can get out and cover his tracks. His dam is a maternal sister to the lot 1 bull, Deadwood, who will highlight this sale as an exciting AI stud caliber bull. A great opportunity to add genetics with real world cow power.
