*Dear Friends and Cattle Producers —*

Grateful...the first word that comes to mind when reflecting on the past year. A year ago, as we were preparing for a new year and another sale, we had no idea the plans God had for us. Plans to bless us and our business by connecting us to people who would impact our lives in ways we could never imagine. Long time friends and bull buyers who celebrated with us in our victories, and graciously supported us during our trials. People who prayed for us, and with us, as we navigated through uncharted territory. People who had their own stories to tell and we were lucky enough to listen. Cattlemen and women who stopped at our place for the first time, and quickly felt like old friends. We thank you for the role you played this past year in our lives! Even if reading this letter and thumbing through our catalog is as much as you do, we are Grateful for you!

Grateful for our kids...Nolan, Nathan, Neleigh and Natalie. Time has flown by and today, we are blessed to have Nolan and Nathan working with us, as they are both now moved back to the area. There's nothing like having your family working together, solving problems and planning for progression. The girls add all the entertainment for us and we are grateful for all the joy and worries they add to our lives. There is never a dull moment, it's not always pretty, but it's US and we are Grateful!

Looking towards sale day, we hope that you will join us and want you to know that you can buy our bulls with confidence. Every bull in this offering has been DNA tested using the AngusGS test option. All bulls meeting the age requirement will be ultrasound tested before the sale with that information and updated EPD's related to that information available sale day. As we have done in years past, the yearling bulls will be semen tested in March and then delivered after that. The fall and two-year old bulls will have completed and passed a breeding soundness evaluation prior to sale day.

As always, we have worked diligently to bring our best offering to this sale. These bulls have been developed with the commercial cattlemen in mind to ensure that they can handle the harshest environments. As always, we back them with a great guarantee through the first breeding season. If a problem arises, please give Danny a call right away. Your complete satisfaction with your purchase is a top priority for us, and we stand by that.

Our family is grateful for the opportunity to host yet another sale at the ranch, but we are even more thankful for the relationships we have gained through the friends and customers that have trusted us along the way. Please feel free to call any of us and we would love to visit with you about your operation and how Poss Angus bulls can be a source of powerful growth, carcass and maternal genetics for your cow herd. We look forward to seeing you Friday, February 4th at the ranch!

*Danny Kristi*

**VOLUME DISCOUNTS**

Offered starting at 3 bulls (3%) and increasing 1% for each additional bull up to 10 bulls. Maximum discount of 10% offered.

**GUARANTEE**

Unconditional first breeding season guarantee against death or injury to all bulls. Breeding season is defined as the 90-day period following the first turnout of the bulls. Replacements are available, or if the buyer prefers, credit will be given in the following year's sale. Please notify us as soon as possible after injury and prior to the sale of the injured bull. All claims must be made by October 1st.

**TERMS**

Poss Angus assumes no liability in case of an accident. All cattle will sell under the terms and conditions recommended by the American Angus Association.

**SEMEN EVALUATION**

Falls and coming two year olds have been semen evaluated and yearlings will have a breeding soundness evaluation done in early March by a qualified veterinarian. Bulls will be accompanied with proper certificates on delivery day.

**TRUCKING**

Offering free nationwide delivery on all bulls to central locations in the United States and to Canadian points of entry. Bulls will be wintered free of charge until mid-March.

**HERD HEALTH**

Bulls have been vaccinated for P13, BVD, BRSV, Haemophilus, Vibrio, Lepto and 7-Way. Bulls have also been wormed for internal and external parasites.

**INSURANCE**

Jared Mohnen of Dakota Ag Insurance will be providing mortality and infertility insurance. Reach him at 605-999-4475 with any questions.

**SEMEN INTEREST**  
 Poss Angus will sell 100% semen revenue and possession on all bulls selling. In herd semen use will be retained at sellers expense and buyers convenience.

*PossAngus.com*  

# Absentee Bidding Options

Several options are available for your convenience to bid remotely. Please contact us if you have any questions or need any help and we welcome you to the ranch to look at the bulls ahead of sale day. Setting up your absentee bidding option a few days before the sale is recommended.

# 1.

## **PLACE YOUR ORDER**

Place an order any time ahead of sale day by calling Danny 308-571-0417, Nolan 308-571-0559, or Nathan 308-571-0506. One of our sale representatives will be able to assist you during the sale.

# 2.

## **WATCH AND BID ONLINE AT SUPERIOR LIVESTOCK**

**VIEWING.** There are 2 places to view the sale broadcast live on the internet: [www.superiorlivestock.com](http://www.superiorlivestock.com) or [www.superiorclicktobid.com](http://www.superiorclicktobid.com). Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to [www.superiorlivestock.com](http://www.superiorlivestock.com), but if you want to bid over the computer you must go to [www.superiorclicktobid.com](http://www.superiorclicktobid.com). Remember you can call in to bid on the internet, but you must be a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to "click-to-bid". Your computer must have Flash Media Player installed for this website to view the auction.

**CLICK-TO-BID.** This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) to sign up. Becoming a member is easy – just go to the homepage of [www.superiorclicktobid.com](http://www.superiorclicktobid.com) and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

*For assistance, call Superior Productions at 800-431-4452.*

# 3.

## **WATCH AND BID ONLINE AT DVAUCTION**

**VIEWING.** To watch and bid online, simply complete the following steps, Go to [www.dvauction.com](http://www.dvauction.com) and create a new account. DVAuction will contact you once you have been approved to bid. They will not provide a buyer number until you have purchased a lot in the sale and that number is only usable for our sale. High speed internet access is required to be able to bid successfully during the sale.

**PROXY BIDDING.** Follow the instructions above and as the sale date nears, there will be a Proxy Bidding button underneath the sale name on the DVAuction website. You can then place your maximum bid and the system will represent your bid just as if you were there.

*For assistance, call DV Auction at 402-316-5460.*

# 4.

## **PHONE BIDDING**

**POSS ANGUS.** Phone bids will be handled in a confidential manner. If you are unable to attend the sale, please contact Danny 308-571-0417, Nolan 308-571-0559, or Nathan 308-571-0506.

**SUPERIOR LIVESTOCK.** You can phone bid through Superior Livestock. To get started, simply go online to [www.superiorlivestock.com](http://www.superiorlivestock.com) and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to [info@superiorauction.com](mailto:info@superiorauction.com). You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

# Using the QR Codes

**1.** Open the camera on your smartphone.

**2.** Hover over the QR Code on the lots in the catalog.

**3.** Tap the link that appears at the top of the screen.

**4.** The video of that lot will now play.

**IDEAL GROWTH**  
**SOUND STRUCTURE**  
**EXCELLENT DISPOSITIONS**  
**EYE APPEAL**  
**FOOT QUALITY**

*Rawhide was the all-time high seller in our 2020 production sale to ST Genetics. Since then he has gone on to create a buzz throughout the industry because of his elite combination to add eye appeal, front end extension, depth of body, and foot quality. Coupled with his incredible EPD tabulation makes Rawhide an appealing choice for most suitable AI projects.*

*The Dam*

The Rawhide progeny have so far elaborated into everything we have expected and more, due to his excellent ability to sire consistency within his sire group. His ability to create cattle with substance, ideal growth curve, sound structure, and excellent disposition; is part of why we are so excited to present the largest sire group we have ever offered to the public. Some of the most recognized cattlemen in the country have utilized Rawhide through AI and embryo work.

The Rawhide daughters have so far given the greatest excitement as they truly resemble his dam, who is the great Blueblood 6502. Expansive rib shape, bold in their design and some of the most feminine daughters we have ever raised, gives us a ray of hope that he will go on to leave us a set of desirable daughters. His dam sold for half interest as the lot 1 female in our recent female sale, where she was a show stopping highlight to GMC Farms. Also highlighted in the sale were three maternal sisters. Blueblood 1513 was the sale topper, and talk of the crowd when she commanded a purchase price of \$80,000 to Kearns Cattle Co, CA. Her other flush sister was also a sale highlight selling for half interest to Big Timber Cattle, FL. The final flush sister was also sold at public auction as a result of the \$31,000 high selling pregnancy of the 2020 female sale to Green Valley Cattle. That female was resold in their recent dispersal sale for \$90,000 to Point Pleasant, VA. A maternal sister was sold for \$12,000 to Lakeville Farms, KY. The bullet brothers are highlighted in this sale as maternal brothers to Rawhide.

There is no better way to lead off the 2022 sale offering than with none other than one of the very best calving ease flushes ever produced at Poss Angus. This congress of 10 flush brothers is highlighted for their ability to promote calving ease with a pound's heavy package. The elite mating combination utilizing some of the newest, yet exciting genetics of our young herd has resulted in a set of brothers that will redefine the calving ease world. This consistent flush from top to bottom is elite in their kind. They bring powerful phenotype, garnered into a pedigree that is filled with maternal matriarchs.

The flush is headlined by the lot one bull, 1506, one of the most unique breeding pieces ever established in this herd. He is a true herd bull with legitimate AI stud potential as well as the number one bull in this offering for \$M. His brother 1507, is a moderate bull, without sacrificing pounds and appeal. Their brother in lot 3 is one of those most elite phenotype bulls of the entire offering, that possesses a true herd bull look that will dominate for his type and kind with robust rib shape and eye appeal. They are anchored by 1532, lot 10, who is the larger made bull of the brothers, but still gives you the type and kind you appreciate Rawhide for. Look for this set of flush brothers to generate a new level of excitement in this exceptional first offering by Rawhide.

Their Pathfinder dam is none other than the high-income producing Rita 5116. Her fertility, production performance, feet and udder quality, as well as carcass merit; led her to become one of the sale highlights of our first ever female sale when she was a \$27,000 selection of RC Angus, NE. She is also noted as the dam of the \$100,000 sale topper in the 2020 Angus Foundation Sale at the National Western. Her genetic influence will be featured in our herd for years to come.

Poss Rawhide 1181 is a big-time performance candidate by Rawhide with length, depth, and soundness. He is noted as the #3 WW bull of the entire offering, as well as the #2 CW bull. He has been a crowd favorite since birth, for his strong combination of maternal genetics with elite, unmatched growth, while maintaining frame. His dam is one of the bright up and coming stars of our herd, and will bring a unique taste of maternal genetics. She is on the short list to be flushed in the upcoming year. The granddam is the great Elmaretta 648, who needs no introduction. She has produced bulls such as Wrangler, and Valley; as well as several young females that have highlighted past sales going to some of the most elite herds in the country.

A big time spread bull with end product merit and elite maternal characteristics. A bold sprung Rawhide son that will be a versatile option for siring cattle that will gain and grade, but also leave daughters behind with productivity in mind. His dam is a larger framed Teddy daughter stemming from a cow family built on longevity. The granddam is a 13-year-old cow who still weaned a calf this last year, and is also the mother of Shotgun Willie who was a selection of Cline Angus in the 2015 sale.

*Big-Time Performance*

One of the most exciting genetic prospects from the summer who was a show stopper for his elite level of natural thickness and was one of the stoutest calves from birth. 1013 is a big time Rawhide son that has the same moderate stature, with feed efficient genetics, while still maintaining a steady growth curve. He was one of the high indexing bulls at weaning and has never let up. This elite bull stands on a big square hoof with symmetrical hoof shape, with the ability to move out freely and cover lots of ground. His mother is one of the elite young cows in our herd who has already gained a spot in our ET program.

The power and function with designed curb appeal keeps stacking up with these Rawhides. 1033 is a big-time son with frame and balance, and an AI stud candidate. An elite prospect for his combination of growth, carcass, foot quality, and diversity. He is one of the most balanced trait bulls and has a high level of earning potential. His mother is a wedge shaped, ideal bodied 316 daughter out of the famed Brookdale Progress 371 female. She was acquired through one of their sales, and feel that she has as much potential in the near future as any cow. Rare opportunity to get in on a bull with a lot of promise.

Another big time Rawhide son that has added frame with growth, while still carrying the calving ease. This visually stunning, masculine bull is a high indexing son from his calf crop out of a first calf heifer. Consistency is key when siring feeder cattle and these Rawhide's have it. The dam is a top-notch Reno daughter out of the Blackbird 4058 cow, who traces back to the great 4301. This pedigree is loaded with breed legends.

Lot 16 is ultimately the largest spread bull of the entire offering, boasting elite calving ease to yearling growth. A moderate statured bull that ratioed a 120 on WW, off of a first calf heifer. 1087 is a genetic superstar with excellent phenotype to back him up. He is as sound as a cat, standing on a solid hoof with great heel depth. He is balanced in every aspect with a big set of nuts. His mother is a first calf heifer out of the Rita B405 who sold to Big Timber Cattle, FL in a previous sale.

Poss Rawhide 1028 is a moderate framed individual, that is smooth shouldered and long fronted. The #2 marbling EPD bull of the offering with a top 2% HP EPD as well. His mother is a dense made, massive Achievement daughter. She is out of an older but proven cow family.

**Poss Angus Customer Incentives**

**Volume Discounts** Offered starting at 3 bulls (3%) and increasing 1% for each additional bull up to 10 bulls. Maximum discount of 10% offered.

25

## THE BULLET BROTHERS

A rare opportunity to evaluate two of the most unique genetic masterpieces ever created in our program's history, that has been on the radar of the Angus world from the moment the mating was created. This flush has generated a phenomenon of excitement and opportunity, long before they were even born. Blending the rare and valuable outcross merit of Clarity, with the elite matron Blueblood 6502. These two are dominating performance bulls with mass and power, matched with extra marbling and ribeye, large scrotal, incredible docility and feet quality; a package that is a rare find in today's world.

This flush has created unheralded attention for over a year now when a heifer pregnancy from this flush was sold to Green Valley Cattle for \$31,000. Just less than one year later that heifer was resold for \$90,000. Their other two flush sisters generated over \$100,000 in our recent female sale.

Poss Remington is the calving ease specialist of the two, while still not sacrificing growth based on his 111 WR in a tough contemporary of almost 200 bulls. The amount of value created through these two is nearly impossible to find. Remington is one of the most attractive individuals available in this offering because of his length of spine, square hip, and bold stature. His genetic makeup consists of elite maternal values with great promotion of carcass and foot quality.

What an exciting way to start off one of the most impressive and anticipated sire groups of the 2022 sale. Lot 27 is an outstanding way to introduce the first sons to ever be offered by Poss Wrangler. 1085 displays tremendous power and mass packed into a deep middled, clean fronted package.

His phenotypic prominence, outstanding performance resume, and strong maternal backing makes him a strong herdsire prospect that should be considered by every program. As the highest indexing bull of the 21 calf crop, yields this bull as a preeminent choice for blockbuster performance.

Designed as a potential AI stud candidate and sale highlight, it is difficult to find a bull with as much performance, carcass merit, ideal feet, and strong genetic values. His elite maternal figures display a direct representation of the genetic value Wrangler brings to any program. The four-year-old mother is a moderate framed Rock daughter unlike most. Feminine made, sharp fronted with excellent feet quality, supports the maternal backing of lot 27. She has one daughter retained in herd who is one of the very best amongst our bred heifers sired by Blackout.

Wrangler 1169 is a high-level bull with superb calving ease to growth spread. This long stout made individual is pounds heavy that does a lot of things right. He will sire cattle much like himself that will feed well, but also not leave behind the maternal attributes set forth by the maternal matriarchs of his pedigree. His mother is a well-rounded Western Cut daughter out of a full sister to Total Impact. Lots of longevity and maternal influence in this pedigree.

What a way to introduce a new outcross sire group with a set of eight superb flush brothers. The mating of Home Town to Elmaretta 648 was created to combine carcass merit with maternal excellence and performance. These brothers are the cowboy kind, with length, depth, muscle shape, and authentic breed character. These brothers bring performance to the table with the heaviest weaning weight bull of the calf crop included in this flush as lot 36. These brothers will be a sale highlight with AI stud potential.

Their dam is the valuable Poss Elmaretta 648, who has taken performance and maternal excellence to a whole new level within our herd. She is responsible for producing the second high selling bull in our sale for two consecutive years, Wrangler and Valley. She has daughters working in some of the finest herds in America, including a flush sister at 4 Sons, KY and Iron Creek Cattle, IA. She is now in partnership with Eagle Grip Cattle, CA and Abernathy Ranches, WY. Her story is just beginning and will hold a prominent place in our herd for years to come.

A once in a lifetime opportunity to evaluate a maternal brother to the great Poss Maverick, sired by the carcass leader Home Town. Truly a dominating individual for performance, foot quality, end product merit and added frame. 1526 will thrive in most environments, and has the ability to sire feeder cattle with the potential of topping the market whether it be by the pound or on the grid. His dam is the great Poss Pride 5163, who was the lot 1 in our first female sale where she topped the sale to Point Pleasant, VA. Her influence has become an integral role in the Angus breed, as much of Maverick's greatest attributes are in part to her contribution. Look for numerous sisters to play a vital role in our herd for several years to come.

## THE SIRE OF SIRE

*Maverick has continued to become a staple of the industry for siring performance within his elite phenotype, while also still maintaining as one of the top marbling sires in the breed.*

*The level of consistency that we have appreciated for the last couple of years, has still been carried on to this date, as we are now beginning to see it within his daughters.*

*With their first set of calves weaned off and now looking into their second term in the near future, we are excited to see the excellent maternal influence Maverick will have on the breed with the neat udders and easy fleshing ability.*

A powerful mating to start off another impressive set of Maverick sons. This headlining flush out of Erica 705 has created excitement and opportunity. These dominating brothers are moderate framed, but still bringing performance, fleshing ease, softness, and carcass merit to the stage. They are showcased by 0911 who is the lead off bull that displays a tremendous EPD spread with structural integrity, eye appeal, and dimension. If looking to assemble together a set of brothers that will sire the total package of consistency, look no further.

Their front pasture dam is a young superstar that will consistently sire stoutness, dimension, spring of rib, and eye appeal. She is one of the best Fortress daughters we have identified with superb fertility, and maternal characteristics. 705 was a featured lot in the first female sale to Burnis Coleman of South Carolina. She has placed sons in some of the top commercial outfits such as Shavliks and Beiermans, both of Nebraska. His maternal brothers are highlighted in this sale as lots 65-68. Her genetic contributions will have a large role in our herd through the 14 daughters retained in herd.

*Welcome from CK6 Consulting*

Welcome to the Annual Poss Angus Bull Sale! The farther I get into life and the Angus cattle business it has become very clear to me the real challenge of both is to stay focused. There are many distractions in our business some of them intentional, some accidental and some brought on by yourself. Either way, the great programs can take the successes and failures and grow from them as breeders and people. I am convinced those qualities are linked. 2021 was a great year for Poss Angus and I believe their 2022 bull offering shows the growth and focus from their program's success. The offering is bigger, more consistent, has more muscle with calving ease from pedigree diversity. It's branded.

The Poss name and brand has been accelerated and I believe it passes the test of acceptance and performance every day. The real-world management of a balanced genetic approach serves the marketplace well no matter where they go across the country. The Poss brand will continue to grow because it is not what their genetics have done for them but for what I see and know they are doing for other programs. It's an exciting time of growth and focus at the ranch!

The offering is loaded with prospects no matter your program's need. If you have a chance to get through and walk the bulls prior to the sale, it would be well worth it. The fall bulls are the best they have been. A new standard of worth has been set by private semen sales and I believe this offering holds prospects that can enter that scenario as early as this spring.

Like always if you have any questions about the bulls, please feel free to contact the Poss family or myself.

Chris Earl 630-675-6559 – Wes Tiemann 816-244-4462

*God Bless, Chris Earl*

An exciting opportunity to evaluate two flush brothers by the proven Maverick with a power-packed pedigree and herd improving numbers, these bulls are designed to make an impact. As low birth calving ease options, with an influx of performance, foot quality, efficiency, and marbling. Adding dollars to your bottom line is a sure bet with this duo.

The dam is a proven donor within the herd, who also produced a landmark, talk of the sale flush, in last year's event. Four flush brothers were highlighted in last year's sale selling to Wray Ranches and 5 Star Farms both of Nebraska. Nine maternal brothers were a new level of excitement in last year's sale, selling to ranchers in Nebraska, South Dakota, North Dakota, Minnesota, Pennsylvania, and Texas.

Maverick 0701 is a phenotypic standout with natural thickness, dimension, base width, with a bold rib shape; the qualities that make cattlemen money every day. He stands on a near perfect foot that is big and square. Sound as a cat, with the attributes of working in large range lands. His mother is maternally bred, and worked up a NR of 112 as a first calf heifer.

Look for this moderate framed Maverick son to add carcass, foot structure, and fertility to his progeny. He comes from a royally bred pedigree combining the likes of Hoover Dam, Resource, Black Granite, Consensus, Total, and Lead On. His mother traces back to the same cow family that brought us Total Impact.

If you're looking for a calving ease bull with some age and carcass merit, then look at lot 56. This sleep all night heifer bull with sire calves that spit right out, without compromising growth and power. DNA analysis shows he will be a breed leader for calving ease, dry matter intake, docility, foot quality, elevation, and marbling. His dam is a moderate framed Sensational daughter.

Poss Maverick 1546 is a sleep all night calving ease bull that pairs with competitive performance and a maternal pedigree that has received world wide recognition. Earning a birth ratio of 96 and a weaning ration of 106, is the type of performance curve we are trying to replicate. This robust shaped bull has tremendous base width, chest floor, and length of spine. You will appreciate the amount of dimension there is in this double-digit calving ease bull. His mother is a direct product of the breed icon, SAV Elba 1094. She is a cornerstone piece of the Cline Angus herd sired by the rare 7075. Flush mates to this calf are some of the top bred females in the Cline herd and will be heard about over the next few years. Bulls like 1546 will add money to your pocket.

Poss Maverick 1006 is a legitimate heifer bull with big time potential for large heifer development projects. A moderate statured bull, with serious curve bending performance. As one of the most moderate bulls in the sale, he is still a crowd favorite for overall dimension, base width, and muscle tone. A soggy individual that is still impressive on the hoof. If looking for an individual to use on larger framed females that need the depth of rib and eye appeal, this is the bull for you. His mother is one of our favorite Blackout daughters, and combines the maternal prowess of Compass in her lineage. This pedigree will be destined for making females with the right type and kind.

Our mission is to produce superior Angus genetics based on the economically important traits to ensure more profitability for our customers.

 Poss Blueblood 920

One of the most exciting, and heavily anticipated flushes from this cycle of calves. After the results of breeding their iconic mother, Blueblood 410, to Maverick, we knew this was a must mating. Two individuals considered to be genetic treasures due to their elite EPD tabulations, intense maternal power along with a valuable pedigree combination. As phenotypic and genetic standouts these high impact brothers could offer a new level of excitement to their new owners. This duo is ultimately in close relation to both Rawhide and Deadwood, and resemble the same merit that has earned them their respected spots today.

Their well-respected dam earned herself a spot in the donor pen as a consistent producer for cattle with eye appeal, performance, muscle shape, and structural integrity. A full brother was a sale highlight in 2020 selling to Belle Point Ranch of Arkansas. Flush sisters are some of the most visually appealing replacement females to ever walk our hills. Look for their sisters to play a large spot in our herd over the coming years. 410 has since gone on to grace the herds of Powerline Genetics, but her genetic contributions will be represented through her 16 daughters retained in our herd. Maternal siblings by Relevance and Exclusive are highlighted in this event.

No Doubt remains a breed leader for performance, carcass merit, and fleshing ability. His progeny are consistently some of the most powerful and thick made cattle throughout the country. The ability to sire cattle that have performance, structural integrity, and breed leading figures is needed in the industry and his sons are a direct representation of that. The first daughters look to have ideal udders, with fertility and fleshing ease.

A blockbuster set of flush brothers who raise the bar to the next level. They are high performance individuals with shape, substance, style and the potential of taking your herd to the next level for overall profitability. An opportunity to add pedigree diversity with this set of brothers that possess scope, dimension, foot quality, eye appeal, and maternal characteristics. Bulls like these are the ones that commercial cattlemen demand.

Their front pasture dam is a young superstar that will consistently sire stoutness, dimension, spring of rib, and eye appeal. She is one of the best Fortress daughters we have identified with superb fertility, and maternal characteristics. 705 was a featured lot in the first female sale to Burnis Coleman of South Carolina. She has placed sons in some of the top commercial outfits such as Shavlirks and Beiermans, both of Nebraska. His maternal brothers are highlighted in this sale as lots 46-50. Her genetic contributions will have a large role in our herd through the 14 daughters retained in herd.

**Poss No Doubt 0722 is a phenotypic standout with scale crushing performance exhibiting an overwhelming amount of muscle and volume. An attractively made bull that has presence in the pen, who will make females to build a herd around. He has been a standout from birth, excelling in every category of life, with a weaning ratio of 121. His dam was a consistent producer bringing one of the top calves in every year with a nursing ratio of 112 on five calves. One of the very best Earnan daughters ever raised at Poss Angus, out of the same Net Worth female that produced Poss Revolution; a sale highlight of the 2017 sale to Howard Schmidt, NE.**

*Rare opportunity to acquire calving ease brothers of the breed leader for performance and power, Hoover No Doubt. These massive individuals are right for their time and should create females to last. They are sound footed, long strided, and visually appealing. These big nutted fellas are out of one of the very best Compass daughters ever produced, as well as a fourth-generation embryo donor. Her daughter by Mainstay is one our best young cows coming up, that has already been implemented into our ET program and is a large egg producer.*

Poss No Doubt 1159 is a valuable genetic piece to receive top notch calving ease with the same great qualities that No Doubt is commonly known for. This sound footed bold shaped individual will work in many scenarios. His mother is a smooth made, feminine Element daughter who has the maternal greats such as Easy Impact, Right Answer, All Around, Midland and Bando 598 in her pedigree. A full brother was a sale highlight in last year's sale to the Tomjacks, NE.

Lot 75 is the last No Doubt son available with curb appeal, and merit. He brings together a timeless pedigree full of notoriety. He is the product of combining the calving ease and maternal oriented 1682 x Easy Impact line with No Doubt. His mother is a three-quarter blood sister to Deadwood, as the grandmother is a full sister to Ellunamere 399, also known as the mother of Deadwood.

Poss Ellunamere 399 Full Sister to the Granddam of Lot 75

COMMITTED TO QUALITY

Over the last 4 years at Poss Angus, we have utilized Maternal Plus, to ensure that we are producing profitable and practical females; through data collection and submission. Using the following traits to build a genetic base that will thrive in the commercial sector.

**Udder Suspension and Teat Size**

Critical for newborn calves and every cow measured at birth within 24 hours of post calving annually. Poor udders are not allowed and culled.

**Claw and Angle Foot Scores**

Every animal is evaluated pre-breeding annually as it is a driving factor of longevity and production. Cattle with poor feet are removed from the herd.

**Heifer Pregnancy and Sustained Cow Fertility**

Reproduction is the single largest economic factor in the cow/calf business. All cow and heifer breeding data from ultrasound pregnancy results are submitted annually.

**Docility**

Docility is an incredibly important trait in terms of management selection, not only for production but also for safety. Females that are mean and flighty around people are unacceptable, as they make the work environment unsafe.

Every year these traits are utilized for data collection and sent in through the American Angus Association. We feel that with the submission of these area's we are able to put an emphasis towards the maternal traits, that are sometimes unrecognized.

Reno has continued to dominate the breed for predictable maternal genetics, with an appealing number package. His progeny display muscle and fluid movement, as well as style and angularity in the daughters. The daughters will be a testament to his success as we look to calve a large bulk of daughters this winter.

A dynamic duo of flush brothers in lots 76 and 77 who are sale headliners for their powerful phenotype, performance, and herd changing properties. These major factors of the 2022 event will have show stopping appeal and are a force to be reckoned with. Incredible performance sporting ratios of 106 and 108 respectively. When looking for cattle that are the total package, look no further than right here. These individuals will take your operation to new heights in terms of performance, structure, fleshing ease, carcass merit, and maternal orientation. The two brothers will rival with any as some of the most complete and visually appealing bulls we have ever raised.

They are from the herd building Blueblood 6502, that has created a wave of excitement for her ability to transmit function, phenotype, frame size, and genetic predictions. She has become a staple in the herd for producing quality and consistency. Notably known as the dam of Rawhide, Winchester and Remington; she has also produced a flush sister that was the \$12,000 selection of Lakeville Farms, KY; the \$80,000 selection of Kearns Cattle, \$90,000 selection of Point Pleasant, and the half interest \$16,000 selection of Big Timber. She is now in the joint embryo production with GMC Farms, WV. Look for the legacy of 6502 to not only affect our herd, but the Angus population as well.

*This trio of flush brothers are calving ease superstars that will sire cattle with appeal, conformation, and natural muscle. The ability to sire cattle that will perform in all sectors of the cattle business is an ongoing task, but one that gets you closer everyday with matings like this. Curve bending performance will add profit to your bottom end, and these brothers are prime examples.*

*Their mother is rivaled as one of the best Easy Impact daughters to date. She was the very first Easy Impact daughter to leave our herd, and has now left her mark on the Jagels Land and Cattle outfit. As a second-generation embryo producer, with nine daughters retained in our herd; she will have a lasting impact on our operation. A maternal brother to these bulls was the second high seller of the 2019 sale to the Beierman's.*

Relevance has become a solid option for creating cattle with growth and end product merit in a moderate framed package. He boasts an elite EPD tabulation, with a strong

maternal foundation in his pedigree. His daughters look to resemble the Confidence Plus lineage which gives us hope that he will leave a tremendous set of daughters. Relevance will be one of our largest sire groups next year due to his large role in our embryo program.

Triple feature flush brothers creating a phenomenon of excitement and opportunity, from the blending of the rare and valuable Woodhill Relevance with the elite matron Blueblood 410. A set of brothers that are dominating for performance with incredible muscle, mass and power, matched with extra ribeye, scrotal, and feet quality. Look for this consistent set of brothers to sire cattle with added frame will not sacrificing power, substance, and appeal. The flush sisters to these brothers are impressive with unmatched potential.

The front pasture dam needs no introduction as she is well represented in this offering for her ability to offer quality and consistency. She is the mother of the \$14,000 selection of Belle Point Ranch in the 2020 sale, as well as the \$16,000 selection, Poss Progressive, by Greg Tharp, MO and Jeff Penz, OK who was utilized in our herd. Her genetic representation will be noticed in the years to come.

Two of a kind flush brothers by the rare WAR Cavalry from the maternal backing of Ellunamere 7148. They bring explosive performance and superb calving ease together in perfectly and offer an opportunity to access direct sons from their deceased sire. If looking for a set of brothers that will sire the total package than these are the bulls for the most critical cattlemen.

The mother is from the maternal orientation of Compass combined with Easy Impact resulting as a fourth-generation donor. Their maternal brothers are highlighted as lots 70-71.

If you appreciate bulls with softness and are looking to create cattle that will provide you returns on minimal inputs, pay close attention to lot 104. He is a bull that will add dollars to your pocket through carcass premiums and pounds. His dam is a maternal sister to Poss Tenderloin at Peak Dot and Semex, Canada.

Combining the performance and carcass of Exclusive to the standout phenom of Blueblood 410, makes Lot 105 a desirable addition to anyone's herd. This soggy made, thick butted bull will leave a great set of females behind. His mother is well represented in this offering, with sons highlighted by Maverick and Relevance. A maternal brother, Poss Progressive, was a sale highlight of last year's sale.

One of the highest performing Exclusive sons that will sire added frame, but still be suitable for heifers. This sound structured individual strides out with authority. He will sire the type of feeder cattle that we all strive for. His mother is a square uddered Discovery daughter, and a maternal sister to Poss Superior, who was the high selling individual of the 2015 sale to Nichols Ranch. The granddam became a cornerstone donor for Cline Angus, and produced up to the age of 12 years old.

**Poss Angus Customer Incentives**

**Semen Interest** Poss Angus will sell 100% semen revenue and possession on all bulls selling. In herd semen use will be retained at sellers expense and buyers convenience.

A flush brother to the most talked about flush of the 2021 sale! This individual exemplifies the same characteristics of his flush brothers to create pandemonium. Long sided, thick butted, and stout muscled make 0906 a valuable option to any commercial operation. The dam is a proven donor within the herd, who also produced a landmark, talk of the sale flush, in last year's event. Four maternal brothers were highlighted in last year's sale selling to Wray Ranches and 5 Star Farms both of Nebraska. Nine flush brothers were a new level of excitement in last year's sale, selling to ranchers in Nebraska, South Dakota, North Dakota, Minnesota, Pennsylvania, and Texas. Two maternal brothers by Maverick are highlighted in this event.

An opportunity to select twin brothers that are moderate framed and sure shot calving ease. These brothers' leadoff the exciting offering of the million-dollar valuation E&B Plus One. Two of the high individuals for efficiency, moderation, foot quality, and balanced trait selection. Big time maternal influence of these two combining Y69 and 1209, two of the most valuable cows to grace the breed in recent times. Their dam is a moderate framed, sharp fronted Compass daughter.

Poss Plus One 0704 is one of the more impressive bulls of this new sire group that should add performance, foot quality and marbling; but still maintains himself as a sleep all night calving ease bull. His mother is a larger framed Teddy daughter, with the granddam being the mother of Easy Rider and Sudden Impact.

Resilient is a calving ease option by the famed Stellar. The Resilient heifers are some of the best females in our replacement pen, and look to be a consistent outcross option. Although there are only three bulls in the offering, as we received almost all heifers, it is a solid maternal option for long time customers.

Poss Resilient 1023 is an excellent way to start off a new and exciting sire group. Although there are only three, this is a very solid sire group. We received over 20 heifers from Resilient and only three bulls with all of them making the sale. Lot 130 is an excellent bull to add maternal power, with a shot of performance. A high indexing bull at weaning of 112 off of a first calf heifer by Teddy.

Poss Broadview 1095 starts off an exciting new sire group that will bring some fresh blood to the long time Poss Angus customers. An elite curve bending prospect that will sire calving ease, growth, and maternal genetics. One of our elite prospects, that also brought real world performance to the table with a 108 weaning ratio. Amongst one of the top bulls in the offering for \$M standing at a 100 as of catalog print. His mother is from the deep flush of 1682 out of the Blackcap 5194, who continues to leave a tremendous amount of genetic merit in this offering. Several sons of flush sisters are highlighted throughout.

This negative birth weight bull is easy fleshing with added frame. One of the top performing bulls off the first calf heifers with a WWR of 113. A notable \$M, claw and PAP. His royally bred pedigree is one worth noting. The mother is a standout Blackout daughter, and also a maternal sister to the great Maverick and Polarix.

Blackout has continued to create a sire group that adds natural thickness and dimension. His daughters are becoming excellent young females with fantastic mothering abilities. The foot quality of the Blackout's has been top notch, giving us hope that his progeny will have stayability within our herd.

Legitimate growth in the second youngest bull of the sale. One of the higher performing bulls of his age group with a weaning ratio off the cow at 115. His sire was used clean up on some late cows then sold as a two-year-old in last year's sale to the Hollenbeck's. His mother is a 10-year-old cow still getting the job done. Maternal brothers are working for the Peetz Ranch and 5 Star Farms.

6738 was a highlight in our 2018 sale as the high selling fall bull. One of the most powerfully constructed bulls ever raised here, as well as extreme performance, was the reason we went back and used him on some of our older cows. His dam is a maternal sister to Total Impact and sired by the great Net Worth. Lots of power in this pedigree.

Poss Element 1015 is the very last Element son to ever be produced in our herd, and quite possibly one of the very best. This larger framed son is a definite calving ease option, with a real masculine, herd bull look to him. A true maternal option that will leave behind a fancy set of females. He is out of a first calf Compass daughter, with the granddam being a full sister to Total Impact. Her son by Plus One is featured in this sale.

Atlantis was used as a logical choice tying together SAV Rainfall and the legendary Elbanna 1209. His mother is arguably one of the most influential cows in the breed in recent times, as she has gone on to create numerous herd bulls used throughout the breed. The Atlantis progeny have an ideal growth curve with a moderate frame, sound structure.

Poss Atlantis 1189 is a stout made, larger framed Atlantis son, that is an outlier for carcass and birth weight with his pedigree. This good footed bull is one of the highest HP EPD bulls in this offering, solidifying the fact that he should create daughters that will thrive in the commercial sector. If you're looking for a big-time growth bull that will add pounds and dollars to your pocket and bottomline, this is the bull to consider. Don't let the birth scare you on this one! His mother brings the likes of Element, Easy Impact, Onward, 1407, and Right Time in the pedigree.

Compass has been one of the great maternal breeding pieces used in our herd over time. At almost eight years of age, Compass is still out covering cows. His daughters have become a staple of our program, and his sons replicate those same daughters. Compass has arguably created daughters as closely to his mother, the great Y69, as any of her sons.

*Compass is one of the great maternal breeding pieces at the ranch!*

A set of flush brothers that create outcross opportunities for long time customers, with a set of brothers that have really come on lately. These big nutted bulls have thickness, length of spine, and as much maternal influence as anything. They cross Downpour, the now deceased sire who is set to have a record year. And the likes of Poss Blueblood 7503, who so far is one of the very best young females in our herd with a bright future, her current calf at side by Clarity has the opportunity to create worldwide pandemonium. As an own daughter of Blueblood 410, the opportunities are endless. Maternal brothers to the dam by Relevance, Maverick and Exclusive are highlighted in this offering.

**ANGUS**

*Poss Maverick 0246 is one of the most elite two-year-old prospects ever raised here, with AI stud potential. This super stout and naturally thick individual has a superior pedigree that will rival most, and was used cleanup in our herd last summer. One of the most powerful calving ease bulls offered that is heavy muscled with incredible foot quality. The bottom side of his pedigree is filled with long standing maternal genetics. His mother is a 14-year-old Onward daughter, who is also the mother of Poss Bodyguard that was the sale feature to Baldrige Performance Angus, Woodhill Farms, Accelerated Genetics and Matt Lowery in the 2016 production sale. Three daughters are employed in the herd with other brothers selected by Hollenbeck Ranch.*
